

# AccuCreaser Air

High volume creasing and perforation

Air-feed operation with built-in register guide

Great companion for the COUNT KF-200

Rotary perf/score, including micro perf

User-friendly touch screen control

Auto setups of all the following:

Our top-of-the-line air-feed creasing and perforating solution – fast, consistent and accurate.

Bottom Air/Suction Feed with Register Guide

Rotary Perforating Standard

RAC Compression Crease Assembly

The COUNT™ AccuCreaser Air provides fast, consistent quality creasing and perfin, with a variety of features that make it top of its class. Get super accurate rotary-actuated impact creasing with rotary perf/score capabilities, including micro-perf (up to four at a time), and automated distance recognition to support auto set-ups for a variety of creases, even perfect bind set-up. The AccuCreaser Air utilizes a bottom air paper feed with a built-in register guide to ensure accuracy with every sheet.

# AccuCreaser Air

*A quality air-feed solution for high volume creasing and perforating with maximum speed and accuracy.*

## Features

- Provides modes for creasing, perforating or feeding.
- Bottom air feed with sheet spacing control.
- Rotary actuated impact creasing ensures maximum crease accuracy.
- Automated Distance Recognition allows auto setups for your most common creases and corresponding folds, including perfect bind.
- Perform up to 4 perfs at a time (including micro perf).
- Includes a sheet counter (for both batch and total sheet count).
- Add the optional inline transport to feed directly into the COUNT™ CountCoat or other UV coaters.
- Includes standard and extra wide crease dies.
- User-friendly touch screen for easy set up and control of the machine.

### Automatic Set-Up for Many Common Folds

Half  
Tri-Fold  
Z-Fold  
Letter Fold  
Roll Fold  
Gate Fold  
Double Gate Fold  
Double Parallel Fold  
Perfect Bind - No Hinge  
Perfect Bind - Single Hinge  
Perfect Bind - Double Hinge

## Specifications

<b>Model:</b>	AccuCreaser Air
<b>Model No.:</b>	ACTREG
<b>Paper Feed:</b>	Air
<b>Weight:</b>	300 lbs (136 kg)
<b>Max Compression Crease:</b> (sheets per hour)	5,500
<b>Max Rotary Perf/Score Speed:</b> (sheets per hour)	12,000
<b>Paper Weight Range:</b> (gsm)	60 - 350
<b>Dimensions:</b>	56.0 L x 30.0 W x 44.0 H in (142.3 x 76.2 x 111.8 cm)
<b>Max Sheet Size:</b>	18 x 24 in (45.7 x 50.8 cm)
<b>Min Sheet Size:</b>	4.5 x 6 in (15.2 x 15.2 cm)
<b>Electrical:</b>	115 V, 60 Hz, 20 A or 230 V, 50 Hz, 20 A
<b>Made in:</b>	U.S.A.

# KF-200 Knife Folder

In-line folding add-on to your existing creaser

Supports heavier paper stocks

Compatible with most creasing machine brands

Automatic sheet set-up

User-friendly touch-screen control

## Easy to follow touch screens:

**Add to your existing creaser for superior in-line folding, even with heavier paper stocks.**

*Proximity Sensor*

*Knife Fold Chassis*

*Skew Adjust*

The COUNT™ KF-200 Knife Folder is the perfect companion to COUNT creasers, for users who want to add in-line folding of digital media. It's also compatible with almost any other brand of creasing equipment, offering a micro-adjust feature to compensate for variances in fold settings of creasers from other manufacturers. This machine is ideal for use in applications with heavier stock (up to 350 gsm card stock) where standard bucket folders can't get the job done – the KF-200 gives you a clean fold without cracking or bending the stock.

The KF-200 is equipped with a variable speed output conveyor featuring a unique proximity sensor that detects movement and ensures the smooth even flow of folded paper onto the exit tray.

# KF-200 Knife Folder

*An add-on to your existing creaser providing a superior in-line, folding solution that avoids cracking of digital media.*

## Features

- An ideal companion to COUNT™ creasers (FC114, FC114 A, AccuCreaser or EZCreaser).
- Compatible with almost any creaser – built-in micro-adjust feature compensates for variances in fold settings of different creasers.
- User-friendly touch screen for easy set up and control of the machine.
- Keep paper feed aligned at all time with a simple adjustment control.
- Clear top lid provides visibility and access to paper jams.
- Innovative sensor at paper exit moves paper out of the way automatically, keeping exit clear.
- Comes with 6 pre-set folds; plus a custom option to accommodate almost any fold.
- Components are strong and durable, yet up to 43% lighter than competitive in-line folders, so it's easier to handle and maneuver into place.

## Automatic Setup for 6 Common Folds

Bi-Fold  
Tri-Fold  
Z-Fold  
Letter Fold  
Gate Fold  
Double Parallel Fold

Plus, a custom option for almost any type of fold.
